JOHN COLE – Ex-Parish Councillor and Ex-Chairman of the Parish Council

At the start of the March Parish Council Meeting, tribute was paid to John Cole, the ex-Parish Councillor and ex-Chairman of the Parish Council, who has very sadly passed away. John provided decades of voluntary service to the Parish of Hutton, which included, helping to bring the Taste of Somerset events, the Des Phippen Park and Springwood Adventure Play Area to the Parish of Hutton.

John will be fondly missed and remembered. I personally feel very privileged to have worked with John on the Parish Council for 8 years. **Thank you, John, for all you did for the Parish of Hutton.**

Confirmation of Appointment of Parish Clerk

At the Parish Council Meeting in April, the Parish Council confirmed the permanent appointment of Mr Bruce Poole as the Parish Clerk effective from the 4th March 2024.

The Clerk is available in the Parish Council Office at the Village Hall on a Tuesday 10.00am - 1.00pm & 2.00pm - 3.30pm.

The Clerk will also be working from home - Monday, Wednesday and Thursday from 10.00 am to 1.00pm and 2.00 pm to 3.30pm.

Bruce's contact details can be found in the Hutton Parish News and on the door of the Parish Council Office.

Resignation from the Parish Council

Since the last edition of the Hutton Parish News, the following Parish Councillor has resigned from the Parish Council:

Marion Cuthbert

The Parish Council would like to express their **grateful thanks** to Marion for her service to the Parish of Hutton as a Parish Councillor.

Two Parish Council Vacancies

Following the resignation of Cllrs, the Parish Council now has **two vacancies** and is taking steps to fill the vacancies **by the co-option of suitable persons**. Hence any eligible interested persons are invited to apply for co-option to the Parish Council as a Councillor.

Written applications should be forwarded to Chair of Hutton Parish Council, Hutton Village Hall, 60 Church Lane, Hutton BS24 9SN. Expressions of interest can be sent by letter or email to clerk@huttonsomerset.org.uk on condition that a follow up letter is sent. If no letter is received following an expression of interest, it will be assumed that the applicant has withdrawn their interest in the position.

If any persons are interested in serving their community and the Parish of Hutton as a Parish Councillor, further information can also be obtained from the Clerk to the Council - Mr Bruce Poole, the Parish Council web site - www.huttonsomerset.org.uk and Facebook Page.

Hutton Hill Closure Update

The Parish Council is extremely aware of the problems and issues that have been caused by the long running **Hutton Hill Road closure** and the further problems caused by the diversion via **Moor Lane, Holm Road and Vereland Road**. The Parish Council, working with and supported by our two District Councillors Terry Porter and Mike Solomon has been pushing North Somerset Council for improvement to the diversion, signage and updates and a solution to the Hutton Hill closure.

Improved diversion signage has now appeared and the information that the Parish Council has received via our two District Councillors is that to expedite a resolution to the closure, bearing in mind the impact this is having on local residents, representatives from **North Somerset Council** will be contacting the two affected property owners as soon as possible. If North Somerset Council find that repairs are unable to be completed (either temporary or permanent) within a reasonable timeframe, North Somerset Council will consider their options and what appropriate action can be taken.

As this edition goes to print, the latest information received on the 2nd May 24 is that a representative from North Somerset Council has visited the site and that North Somerset Council will now consider their options as soon as possible.

Woodside Development – Planning Application - 24/P/0142/OUT - Update

The Parish Council received a request from North Somerset Council to comment on an outline planning application (**24/P/0142/OUT**) for the erection of 48 dwellings, public open space, engineering works, associated infrastructure and ancillary works on the **Land to East of Lynx Crescent Hutton Weston-super-Mare**.

It was observed that although the actual site location was in Weston-super-Mare, the access will be via Woodside Avenue, Hutton. The Parish Council agreed in principle to **object to the application** on access grounds, previous years of construction work suffered by the Woodside residents and loss of green space.

The Parish Council is awaiting further information from our two District Councillors Terry Porter and Mike Solomon after they have discussed the application with the relevant North Somerset Council Planning Engineer. The application will then be discussed again at the Parish Council Meeting in May, where the next steps will be decided, including any further updates to North Somerset Council regarding the **Parish Council's objection to the planning application.**

The North Somerset Council planning application (24/P/0142/OUT) can be found on the North Somerset Council website at the following link, where you will be able to make a comment - [Search for a planning application | North Somerset Council \(n-somerset.gov.uk\)](https://www.n-somerset.gov.uk/search-for-a-planning-application)

Elmhurst Play Area Refurbishment

The work to complete phase 3 of the Elmhurst Play Area refurbishment has now been agreed by the Parish Council with the instruction to proceed now passed to contractor. **the current target date for the start of installation is currently 24th June 2024.**

The next Hutton Parish News Copy date is:

Hutton Ladies

It was lovely to arrive at our meeting this time in day-light, and it was only just dark when we left, I think everyone is looking forward to the summer.

At our meeting on the 9th of April, Chris Ware from the R.N.L.I gave us a talk and slideshow on the history and role of the RNLI.

This year the R.N.L.I celebrates 200 years of service, saving lives around the coasts of the United Kingdom, the Republic of Ireland, the Channel Islands and the Isle of Man as well as some inland waterways.

The vast majority of the service is manned by unpaid volunteers and funded by donations. In addition to their regular professions, the crews train on a weekly basis in all winds and weather.

Chris also gave us a brief history of the old Weston R.N.L.I. Stations on Birnbeck Island and outlined the plans to return to Station to the Island in the not too distant future, fingers crossed.

The logo for 'The Hair Hut' features the text 'The Hair Hut' in a small font above a large, stylized 'HH' monogram. Below the monogram, the word 'HAIRDRESSING' is written in a small, sans-serif font.

Acoustic Night at Hutton Village Hall

If you haven't attended the Acoustic Night at the Village Hall, you've missed a treat. On Saturday 6th March the hall was packed, it was great to see several first time attendees, in the audience and entertaining us.

In addition to our brilliant local band The Fridays, some of our talented friends and neighbours put aside their nerves to entertain us, singers, musicians and a young man from the village sang a song from 'Oliver', proving that talent has no age limit.

We wouldn't be able to put on this enjoyable evening without the people who give their time and talent free of charge, so a big thank you to all those involved.

One of our more senior volunteers Cath Sparks, who turns out regularly (rain or shine), was celebrating her birthday, Cath received some flowers for her birthday and in recognition of her help.

Where else can you have a great night out, entertainment, dancing, a very reasonable priced bar selling soft drinks, tea, coffee and nibbles, and support you village hall, all for a £3 entrance fee.

So what are you waiting for, make a date for the next Acoustic Night, join in or just sit back and enjoy the evening.

Hutton FC

Its been a very wet start to the year, so not many games have been played at Springwood or Jubilee, this means there are plenty of games to fit in over the next few months to ensure the season are completed.

We are also proud to announce that at both venues , we have collection points for Weston Foodbank. The points are open whenever there are matches or training, so please keep an eye on social media for opening times and encourage the local community to support a good cause.

We hold our annual junior football tournament on the 1st and 2nd of June this year. We promise to keep disruption to a minimum, especially parking issues that we do encounter each year.

All weekend , we will have teams of road stewards to direct people to Jubilee, where the main car park will be based. Also stewards will be visible on Moorcroft and Vereland to deter people from on street parking, although the lack of double yellow lines hampers this , but we will try our best to minimise any disruption.

Any issues over the weekend please message our social media , we will reply promptly.

New initiative helps community groups in North Somerset provide local people with expert energy advice.

Calling all community groups in North Somerset! A new project run by the [Centre for Sustainable Energy](#) (CSE) is offering community groups funding and support to promote retrofit among local homeowners.

Retrofit means any work to improve the energy efficiency of a home. From insulation to low-carbon technologies like solar panels, retrofit describes any changes made to a home to make it cheaper to heat and more environmentally friendly. Household energy use makes up about [15% of the UK's carbon emissions](#), so retrofitting homes is vital in our journey to net zero.

The Local Energy Advice Demonstrator (LEAD) project is one of 36 government-funded pilot schemes to overcome barriers to retrofit by providing in-person energy advice. The project aims to reach people who are unlikely to have thought about retrofitting their homes before, and people living in homes that might be seen as difficult to make energy-efficient – like listed buildings or park homes.

CSE is leading the project in North Somerset, sharing their expertise and experience in retrofit, energy efficiency advice and home surveys. CSE is a Bristol-based energy charity that work to tackle the issues of climate change and fuel poverty. Their award-winning retrofit team have over 40 years' experience delivering energy-efficiency improvements in homes across the Southwest.

CSE will be working with local groups to host Open Homes events. These are where local people open their homes to the public, to look at retrofit work they've done on their home. It can be anything from draught-proofing to renewable energy installations like heat pumps or solar panels. Real-life examples offer a first-hand look at what can be achieved and give people the opportunity to talk to the homeowner about their retrofit journey. Experienced retrofit assessors from CSE will also be on hand to provide expert advice.

Bridget Newbury, Senior Project Manager at CSE said: "I've attended events and opened my own house in the past and I think Open Homes events are a great way to inspire more people to improve the energy efficiency of their homes. They're a very accessible and fun way to create a buzz around going green. You can find out first-hand about what's involved in improving a home with no pressure or sales pitch. We've run hundreds of events and we know that event visitors really do go away and start to make changes."

CSE is looking for local community groups to help host Open Homes events. They will provide advice and support throughout the project, as well as tailored resources and grants of up to £5k. If you're a community group and are interested in getting involved in the project, email woe-energydemo@cse.org.uk.

The West of England LEAD project is funded by the Department for Energy Security and Net Zero, via the South West Net Zero Hub. You can find out more about the project by visiting <https://www.cse.org.uk/my-community/community-projects/west-of-england-local-energy-advice-demonstrator-lead/>
